16	115S	Spring					
17	114S	Unthreaded lock block					

NOTE: Because of design changes made to the 100-3C Clamp, replacement of a #102-3 Rotating shaft manufactured prior to Jan. 2001 also requires replacement of the #103S Handle. A #102-3 manufactured prior to Jan. 2001 will have a protrusion (approx. 21mm x 9mm x 8mm) on the shaft. A #102-3 manufactured after Jan. 2001 will not have this protrusion.
